

Safety & Loss Control Trainings and Services:

49 CFR 1926 OSHA Compliance (Construction Industry)

- Competent Person Certification Training
- Qualified Engineer Assessments and Approval in all Industries
 - Fall Protection Training
 - Scaffolding (STI)
 - Trenching and Excavating Training (NUCA)
 - Confined Space Training (NUCA)
 - Certified Roofing Torch Applicator (CERTA)
 - Powered Platforms, Man lifts and Vehicle-Mounted Work Platforms safety training (Man/Boom, Scissor, Forklift Training & Train the Trainer,) Backhoe, Dozer, Skid Steer, Mini-Excavator, Excavator
 - Scaffolds Safety Training
 - Flagging and Work zone Training (UTA/TX DOT)
 - EM 385-1-1 Compliance & Safety Training (U.S. Army Corps of Engineers) 8 hour & 24 hour
 - Qualified Person Oversight/Installation and Inspection
- COVID-19 Awareness, Compliance, Workplace Safety, and Post-Recovery Efforts
- Respirable Crystalline Silica Safety Training and Compliance
- Certified Roofing Torch Applicator (CERTA)
- Electrical Safety Training
- Machine Guarding Training
- Lockout Tagout Training (LOTO)
- Hazard Communication / Globally Harmonized System (GHS)
- Hazardous Chemicals, Materials and Environmental Safety Training
- Respiratory Protection safety training
- EME - Heavy Equipment Operator safety training (Excavators, Backhoe, Skid-Steer, Bulldozer)
- MEWPS - Mobile Elevated Work Platforms
- Crane and Derricks safety Training
- Struck-By Safety Training
- Caught in Between Safety Training
- Electrocution Safety Training
- Fall Protection Safety Awareness training
- Rigging and Material Handling safety training
- Signs, Signals and Barricading safety training
- Personal Protective Equipment safety training (PPE)
- Fire Protection and Prevention safety training

- Ladders, Stairways and Other Working Surfaces safety training
- Hand and Power Tools safety training
- Construction Workplace Hazards safety training
- Supervisor and Task specific safety training
- Supervisor Accident / Incident Investigation, Corrective/Preventive Action and Root Cause Implementations.
- Emergency Action Plan Safety Training
- 4-D Defensive Drivers safety training
- OSHA 10/30 Hour Safety Training
- Jobsite & Facility Inspections
- CPR/First Aid/AED Certification Training (American Red Cross/American Heart)
- Bloodborne Pathogens Certification Training (American Red Cross/American Heart)
- Safety Policies and Procedures Compliance

49 CFR 1910 OSHA Compliance (General Industry) – Manufacturing, Warehouse, Food Processing, Distribution Centers, Retail & Markets Stores

- Competent Person Certification Training
 - Fall Protection Training
 - Scaffolding Training (STI)
 - Confined Space Training (NUCA)
 - Powered Platforms, Man lifts and Vehicle-Mounted Work Platforms safety training (Man/Boom, Scissor, Forklift Training and Train the Trainer)
- COVID-19 Awareness, Compliance, Workplace Safety, and Post-Recovery Efforts
- Electrical Safety training
- Hazard Communication / Globally Harmonized System (GHS)
- Hazardous Chemicals, Materials and Environmental Safety Training
- Respiratory Protection safety training
- Overhead Crane safety training
- Pinch Points and Process Safety Training
- Machine Guarding Safety Training
- Struck-By Safety Training
- Caught in Between Safety Training
- Electrocuting Safety Training
- Fall Protection Safety Awareness training
- Rigging and Material Handling safety training
- Signs, Signals and Barricading safety training
- Personal Protective Equipment safety training (PPE)

- Fire Protection and Prevention safety training
- Ladders, Stairways and Other Working Surfaces safety training
- Hand and Power Tools safety training
- General Industry Workplace Hazards safety training
- Supervisor and Task specific safety training
- Supervisor Accident / Incident Investigation, Corrective/Preventive Action, and Root Cause Implementations.
- Drug & Alcohol Supervisor Reasonable Suspicion Training
- Emergency Action Plan Safety Training
- 4-D Defensive Drivers safety Training
- OSHA 10/30 Hour Safety Training
- Facility Safety Inspections
- CPR/First Aid/AED Certification Training (American Red Cross/American Heart)
- Bloodborne Pathogens Certification Training (American Red Cross/American Heart)
- Safety Policies and Procedures Compliance
- Machinery and Machine Guarding safety Training
- Welding, Cutting and Brazing safety Training

30 CFR Part 46 MSHA Compliance (Surface Mining)

- Part 46 New Miner Safety Training
- Part 46 Experience Miner Safety Training
- Respirable Crystalline Silica Safety Training and Compliance
- Respirable Crystalline Silica Safety Training and Compliance
- Competent Person Certification Training
 - Fall Protection Training
 - Confined Space Training (NUCA)
 - Powered Platforms, Man lifts and Vehicle-Mounted Work Platforms safety training (Man/Boom, Scissor, Forklift)
- COVID-19 Awareness, Compliance, Workplace Safety, and Post-Recovery Efforts
- Mine Site / Facility Safety Inspections
- Equipment Safety Inspection
- Hazard Communication / Globally Harmonized System (GHS)
- Hazardous Chemicals, Materials and Environmental Safety Training
- Respiratory Protection safety training
- Pinch Points and Process Safety Training
- Machine Guarding Safety Training

- Struck-By Safety Training
- Caught in Between Safety Training
- Electrocution Safety Training
- Fall Protection Safety Awareness Training
- Signs, Signals and Barricading safety Training
- Personal Protective Equipment Safety Training (PPE)
- Fire Protection and Prevention safety Training
- Hand and Power Tools safety training
- Supervisor and Task specific safety training
- Supervisor Accident / Incident Investigation, Corrective/Preventive Action and Root Cause Implementations.
- Drug & Alcohol Supervisor Reasonable Suspicion Training
- Emergency Action Plan Safety Training
- 4-D Defensive Drivers safety training
- CPR/FA/AED Certification Training (American Red Cross)
- Bloodborne Pathogens Certification Training (American Red Cross)
- Safety Policies and Procedures Compliance
- Machinery and Machine Guarding safety training

Oil and Gas Industry

- PEC Safeland / SafeGulf Basic Certification Safety Training
- PEC Core Certification Safety Training
- Safeland TRAP Training
- Hydrogen Sulfide Competent Person Safety training
- Safeland USA Oil Process Training
- Oil and Gas Drivers Safety Training
- COVID-19 Awareness, Compliance, Workplace Safety, and Post-Recovery Efforts

FMCSA/DOT Compliance and Training (Transportation Industry)

- FMCSA/DOT Drivers safety Training
- FMCSA/DOT Regulation Compliance Training
- DOT Driver Logs Training
- DOT Hours of Service Training
- Vehicle Maintenance Safety Training
- DOT DVIR's and Roadside Inspection Process Training
- DOT Load Securement Safety Training

- DOT Drug & Alcohol Supervisor Reasonable Suspicion Training
- Transportation / Fleet Systems Mock Audits
- Haz-Mat Material Handling Employee Base Training

Miscellaneous

- Jobsite & Facility Inspections
- OSHA, DOT, MSHA Support & Compliance
- OSHA and DOT representation and consultation 24/7
- OSHA Recordkeeping & Reporting Compliance Training
- 100% ISNet World Compliance
- Accident / Incident Investigation, Corrective & Preventive Action, and Root Cause Implementations.
- Review, Develop & Implementation of Customized Health & Safety Programs - Loss Mitigation
- Emergency Response for Catastrophic Losses
- Emergency Preparedness
- Company Contingency Planning
- English / Spanish Training & Document Translation
